

Perth February 2010

To whom it may concern

We moved from Sweden to Australia in January 2010 with our children aged 3, 5, 6 and 8. The kids could not speak any English and therefore we asked Mrs. Gay Brown for help.

We found that Mrs. Gay Brown was very kind and attentive to the children's different needs and talents and she was well liked by them. Mrs. Gay Brown was always well prepared and had a structured thought and plan in her tuition. In a skilful and creative way she taught our children the basic ABC's and got them interested in learning and listening to the English language.

We are more than happy to recommend Mrs. Gay Brown.
