

TO WHOM IT MAY CONCERN

I have a six year old son who was in Prep Senior at the Jakarta International School for the 2001/2002 school year. As recommended by the school, my son needed to take extra lessons to improve his language and expressive skills. My son took tutorial classes with Ms. Gay Brown for a few months and within the short period considerable improvement was noted in my son's language and expressive skills. Ms. Brown is very focused and systematic in her approach. She knows how to manage and deal with kids and keep them interested in the subject being taught. My son enjoyed the company of Ms. Brown and he is closely attached to her. It is just unfortunate that Ms. Brown had to leave Indonesia.

In a very personal way, I also benefited from Ms. Brown's expertise. As I am not a native English speaker, I took English lessons from Ms. Brown. I truly enjoyed the lessons and found her class to be most interesting and useful.
