

We have two sons 10 and 8 years old who have limited English when we arrived in Perth Australia in late 2006. I have recommended by my company that I work with, to talk to Mrs Brown to help with my sons English. We are extremely pleased with the result of their English after attending Mrs Brown class.

Our sons find Mrs. Brown's class were enjoyable, fun and exciting. Mrs Brown not only taught English but also teach some Math subject. Not only Mrs Brown gave them homework she also brought our children to library and encourages them to read lots of books. To increase their ability in speaking, she brought our children to Croquet game to interact with many people.

Our son English getting better from time to time as Mrs Brown successfully build their confidence and knowledge in English and Math. For almost 2 years our sons were tutored by Mrs. Brown. The result is extremely meaningful for our sons. It's truly pleasure to highly recommend Mrs Brown as best tutor.
