To Whom it May Concern.

Our daughter, Isabelle was tutored by Gay Brown for 3 years. Isabelle started to work with her from Year 6 until late in 2011 when she was in Year 8. She has mainly worked with Mrs Brown for support with Maths and has made good steady progress.

Isabelle states that "Mrs Brown has given her confidence to work unassisted and that her math skills have improved."

We have seen evidence of this in her school reports and are very pleased.

We no longer see Mrs Brown, as we have moved house and suburbs but are so thankful for the time and dedication she has shown to Isabelle.

She will always be our friend!

Thanks Gay Brown.
