Hi Mrs Brown

Thank you for the patience during the pronunciation and accent reduction lessons. At the end of the day I think it was more difficult for you (to keep repeating repeating correct sounds all the lessons through for me) than for me! :)

More seriously I have appreciated very much your dedication, and the "method" of the teaching: good humour, nice area to study in, nice atmosphere, studying at the pace of the student.

Thank you very much Mrs Brown and...joyeux Noel !!

Arnaud
